

Dear Experience Church family,

In the midst of the fear and panic of the Covid-19 virus, which is now been labeled a pandemic by the World Health Organization, we want you to know that it is a real concern, not only to our Nation, but our church, which is in the epicenter of the Washington outbreak.

While it is important to be informed, we know that there are an abundance of reports (sometimes contradictory and confusing) that can stimulate fear and uncertainty. It is important that we never look at any fact or statistic without seeing God's involvement in our outcome. God's word tells us:

Psalm 18:2 New Living Translation

The LORD is my rock, my fortress, and my savior; my God is my rock, in whom I find protection. He is my shield, the power that saves me, and my place of safety.

We wanted you to know that we will continue to hold our regularly scheduled services at Experience Church.tv. At this time, we are under the mandated allowance of attendance per service and if necessary, we can add more services. We also want to assure you that we are dedicated to offering a clean and safe environment. Our facilities team is taking extra precautions to aid in the safety of our environment. In addition, we have antimicrobial soaps in the restrooms and antimicrobial hand wipes stations in the entryway. We will continue to monitor the situation daily. The Center for Disease Control has listed practical steps to help prevent illness, they can be found [here](#). Let's continue to use wisdom and see this virus defeated.

If you are not feeling well please stay home and join us online at www.Experiencechurch.tv. Also for those that may be in a high risk age demographic and you feel more comfortable staying home, we completely support you in that decision.

Let's look to

Proverbs 4:18 World English Bible

But the path of the righteous is like the dawning light, that shines more and more until the perfect day.

We love you and are praying for you,

Pastors Dennis & Lori
